Thank you for my perfect health  
And lead me all the way

Put action in my feet  
And move me all about

Go above me and below me  
Around me and beside me  
Within me to inspire  
What **we** co-create

### **VERSE 3**

I ask you for nothing  
You know what I need best  
I am as you created me  
No need to know the rest

And humbled as I pray

Today

## **Tell Me What You See**

### **VERSE**

Tell me what you see  
when you look into my eyes  
is there a doorway to my heart  
or is it blocked by my disguise

Tell me what you feel  
when I reach out to hold your hand  
am I open and inviting  
or is it too much to withstand

### **CHORUS**

I can't find my value  
I've never been good enough  
please help me find my way  
I'm tired of being tough

### **VERSE**

The treasure is within you  
it's not hard to find  
I can see it in your soul  
and I can hear it in your mind

It's the joy in your laughter  
and the smile on your face  
it's the beauty deep within  
for your a child full of grace

### **CHORUS**

let me help you see  
what I see when i look at you  
your so incredibly beautiful  
and worthy through and through

And let me help you feel  
what I feel when I hold your hand  
a love so pure and true  
that my heart fully expands

## **Will You Still Love Me**

**VERSE 1**

Will you still love me  
 if I'm not who you thought I'd be  
 and will you still hold me  
 if my shadows are all you can see

Sometimes i might be silent  
 and in the quiet i push you away  
 sometimes i might feel jealous  
 and say some things i just wouldn't say

**CHORUS**

But if you'll still love me  
 I'll reveal the depths of my soul  
 I'll stand here naked before you  
 for it will be the real me that you'll know

**VERSE 2**

Will you still need me  
 if I should somehow cause you pain  
 and will you still want me  
 if my words get caught up in blame

I can't promise i won't hurt you  
 or ever break your heart  
 but you can be certain  
 that our spirits will never depart

**CHORUS**

But if you'll still love me  
 I'll reveal the depths of my soul  
 I'll stand here naked before you  
 for it will be the real me that you'll know

**Where Do I Find the Love****VERSE 1**

If only I believed  
 in the strength I have inside  
 what tomorrow might bring  
 if I give up all the lies

The stories that I tell  
 of my flaws and my pain  
 is all I think I have  
 and it's easy to complain

**CHORUS INTRO**

But my heart has found a way

to some gentle and loving guides  
 it's in the faces are all around me  
 but only I can decide

**CHORUS**

Where do I find the love  
 and trust in what I see  
 will hope carry me through all these times  
 when my fears take over me

I really want to know  
 how it feels deep within  
 to be so in love with me and my skin  
 that I can drop the masks that have been

**VERSE 2**

If only I had faith  
 and a way I could be  
 open and allowing  
 not under lock and key

For living in this guarded  
 protected- closed down way  
 has left me feeling empty  
 and no desire to even play

**CHORUS INTRO**

But my heart has found a way  
 to some gentle and loving guides  
 it's in the faces are all around me  
 but only I can decide

**CHORUS**

Where do I find the love  
 and trust in what I see  
 will hope carry me through all these times  
 when my fears take over me

I really want to know  
 how it feels deep within  
 to be so in love with me and my skin  
 that I can drop the masks that have been

## **Just Breathe**

### **VERSE 1**

when the darkness takes over  
and I can't find my way  
my mind keeps a racing  
my thoughts seize the day

I push against the flow  
resisting all the way  
unconsciously unknowing  
I get in my own way

surrounded with the chaos  
my ego loves to build  
racing with a timeline  
that keeps me in my will

### **PRE-CHORUS**

I know there's a better way  
if only I would say  
please oh please sweet spirit  
come and take this away

### **CHORUS**

my heart knows the answers  
to break free from the pain  
I stop in each moment  
release all that remains and

I breathe ... just breathe  
just breathe ... I breathe

### **VERSE 2**

purify my thoughts  
and purify my mind  
silence my inner demons  
speak through me all the time

bring me back to center  
open my heart wide  
restore my connection  
let me breathe in the divine

### **PRE-CHORUS**

I know there's a better way  
if only I would say  
please oh please sweet spirit  
come and take this away

to break free from the pain  
I stop in each moment  
Release all that remains and

I breathe ... just breathe  
just breathe ... I breathe

my heart knows the answers  
to break free from the pain  
I stop in each moment  
Release all that remains and

I breathe ... just breathe

the ego is no more  
time has new meaning  
as I step through the door

and I breathe ... just breathe ... just breathe, I breathe,  
just breathe

## **I Can See This World**

### **VERSE 1**

I don't know about you  
but I was born this way  
I hit the ground running  
with a heart full of play

and as I lived each day  
I saw many wonderful things  
but somewhere along the way  
I felt what fear can often bring

### **CHORUS**

I want a place for you and me  
where we can walk this earth and simply be  
where differences are what will help us grow  
to expand beyond what we see and know

### **VERSE 2**

you don't have to think  
what I think in order to think it  
and you don't have to be  
like me in order to be it

this dream that I have dreamed  
has been dreamt by many others  
can we all find our inner strength  
and dance in a rainbow of colors

### **CHORUS**

I want a place for you and me  
where we can walk this earth and simply be  
where differences are what will help us grow  
to expand beyond what we see and know

I can see this world, I can feel this world
